

HSNZ Pedal Harp Trolley Orders

Limited time: available only until August 13th.

The HSNZ is commissioning the manufacture of a second run of our popular Robert Webster design pedal harp trolleys, made in NZ. Pre-order yours today!

These trolleys are lightweight and stay securely strapped to the harp as it goes into the car, and through the journey, only being taken off when at your destination. 2021 purchasers will have the choice of a compact style with either regular or heavy duty wheels; or the stairclimber model.

For video of Helen taking her harp down stairs using the stairclimber model, see: <https://youtu.be/gmz5SCe-ctw>

Praise for Robert Webster design trolleys:

"I would not be without this trolley...It makes moving a harp nearly painless, and is a far superior product to any trolley I have used in my overseas experience."
- Carolyn Mills, Principal Harp, NZSO

"The compact harp trolley is an easy to use, simple and lightweight trolley.... I always feel that the harp is very secure when strapped in, with no risk of damage to the instrument."
- Michelle Velvin, freelance harpist

"I have been using this compact model harp trolley since 2011 and I believe that I have got the best harp trolley in the whole world."
- Jo-Ying Huang, freelance harpist and teacher

"I have complete confidence in the stability, reliability and safety of my harp and trolley. I couldn't be a professional harpist without this trolley, and I heartily recommend it to other pedal harpists."
- Helen Webby, Principal Harp, CSO

For more in-depth reviews, see page 10 and 11 in the March 2018 Journal: <https://www.nzharpsociety.org/resources/Documents/Journals/Harp%20Journal%2074%20Feb%202018.pdf> (you will need to log in to the website when prompted).

Wheel options:

Compact regular

Rubber PVC tyre with ball bearing and plastic centre; 100kg capacity per wheel

Compact heavy duty

Solid rubber tyre with flanged ball bearing centre; 125kg capacity per wheel

Stairclimber

Three-wheel set that rotates to help you get your harp safely up and down steps.

Orders are open NOW and close at 5pm on Friday August 13th.

This is a limited-time offer and trolleys cannot be ordered after this date, so get your order in today!

Trolley completion is expected mid-November 2021. Trolleys can be picked up in Wellington or Palmerston North, or shipped at the buyer's expense.

Pricing is shown in the table below. We have special subsidised prices for our HSNZ members!

We request a 50% deposit on or before Aug 13th, and the balance of payment on completion of build....OR, you can take advantage of our EARLYBIRD discount and save \$30 off the price of your trolley by paying the full amount up front!
